SECTION
FILE NO.
SERIAL NO.

To

C. S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Government of Mysore.

Sir,

I have the honour to report for the information of Government that 50 tons (652 bags) of Australian wheat the import of which was sanctioned in Government Order No. G 26330-P.P.123-18-66 dated 23rd May 1919 was ordered and received during the month of May 1919. Out of this about 27 tons have been sold at cost price and about 23 tons yet remain unsold. The Officer in charg of the Provincial Grain Depot having reported in his Memo dated the 16th September 1919 that the wheat was deteriorating and that weevils were attacking it, I wrote to the Hon. President of the Municipal Council if he could arrange for its sale in the Municipal sale Depots and also notified to the public regarding the availability of wheat in the Provincial Grain Depot. At the last meeting of the Central Food Supplies Commit the Hon. President of the Bangalore City Municipality stated with reference to my letter that the price of wheat being so very favourable as compared with that of rice, there would be no difficulty in finding a sale fo the wheat if exposed for sale side by side with Burma rice in the Municipal retail Depots. I accordingly

accordingly issued 20 pallas to the Municipal Depots about a fortnight back and it was exposed for sale side by side with Burma rice. It is understood that the wheat remains unsold. This variety of wheat does not belong to that class which is generally obtained from the Dharwar District. The cost price works out to Rs.10-8-0 per cwt. So far one merchant Navakoti Chetty has offered to purchase the whole of the remaining quantity if the price is reduced to Rs.8/- per cwt. In these circumstances, I have arranged for the wheat being put up to auction and sold. I request that the approval of Government to the action taken by me may kindly be obtained. I shall report the result of the auction in due course.

I have the honour to be,

Sir,

Your most obedient servant,

Food Controller & Director
of Civil Supplies in Mysore.

OFFICE OF THE DIRECTOR OF CIVIL SUPPLIES
IN MYSORE,

Bangalore, Dated 31st Octr. 1919.

1391

From

K. MATTHAN, Esq., B.A.,

Director of Civil Supplies in Mysore.

SEC. TO GOVT. 3 - NOV 1919

To

C. S. Balasundaram Iyer, Esq., B.A.,

Chief Secretary to Government of Mysore,

B a n g a l o r e.

Sir,

Adverting to correspondence ending with your letter No.G8931/P.P.6-19-113 dated the 20th October 1919, I have the honour to report that a sample of the Australian wheat stocked in the Provincial Grain Depot was sent to the Health Officer, Bangalore City for kindly furnishing his opinion as to its being fit for human consumption. He stated in his letter No.667 dated the 22nd October, 1919 (copy enclosed) that as it was, it was unfit for human consumption but that it might be made fit for it by separating the grains with holes and giving away the remainder to the public for use. The whole stock was therefore got sifted and auctioned publicly in the New Taragupet at about 10 A.M. on the 27th instant. About a dozen leading merchants including Mr.Navakoti Chetty were present. The auction began with Mr. Navakoti Chetty's bid of Rs.8/- per cwt. as an upset price but he stated that he had made that offer nearly a month ago when the market rates for wheat flour were very high, that just then the rates had considerably fallen and that his original offer could not be taken to hold good now. The bidders commenced to bid from Rs.2/- per cwt. and Mr. Navakoti Chetty's bid which was the last but one was for Rs.6-15-0 per cwt. He refused to bid higher. The

The quantity was finally knocked down to Mr. Venkataswami Naidu for a price of Rs.7/- per cwt.

The financial effect of the whole transaction is shown in the two statements A & B hereto appended. It will be seen from Statement B that a loss of Rs.1833-1-3 has been sustained in this transaction and Rs.126/- has been claimed from the Railway Companies concerned representing the value of the shortage amounting to 18 maunds or 15 cwts. and 5 lbs. noticed at the time of the arrival of the consignment in the Bangalore City Railway Station.

I have the honour to be,

Sir,

Your most obedient servant,

Food Controller & Director.

B Muddukrishnappa
for Food Controller & Director
of Civil Supplies in Mysore.

Copy of letter No. 667 dated 22nd October 1919 from the Health Officer, Bangalore City, to the Food Controller and Director of Civil Supplies in Mysore, Bangalore.

I have the honour to acknowledge the receipt of your letter No. 6848 dated 21st instant, together with one packet of Australian wheat available in the Provincial Grain Depot, Bangalore. In reply, I beg to state that the wheat in question is very old and some of the grains have got holes and is infested with weevils. As it is in my opinion is unfit for human consumption. However, it may be made fit for human consumption by separating the grains with holes and the reminder given away to the public for use. This can be done by putting the wheat in water and the floating grains separated, the sound ones lying at the bottom of the water. The wheat thus treated may be sun dried and used for flour. don't think sooji can be made out of it.

For Food Controller & Director.
